Reports from Committees

Supervisor Reumenap is present and discusses drain assessments for cleanout and maintenance. He notes that some culverts and cross pipes are deteriorating and need replacement. He notes that some drains, such as the Casco Drain have not been cleaned out for decades and the expense for doing so will be considerable.

He also notes that there is a petition and approval process through the County Drain Commission to get major maintenance work done on county drains. The assessment process to determine the cost to each residents is done by County Drain Commission staff and is not always easy to understand. Part of the cost is assessed equally relative to acreage and part is determined by each property's relative reliance on the drain as calculated by the Drain Commission formula.

Motion to Adjourn

S. Bishop moves to adjourn. D Mancini seconds the motion. M/C
